

# Proposed Witchcraft Convictions (Pardons) (Scotland) Bill

## Introduction

A proposal for a Bill to pardon all those convicted under the Witchcraft Act 1563.

The consultation runs from 23 June 2022 to 15 September 2022

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (\*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

Fully opposed

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

**Please explain the reasons for your response.**

There is absolutely no reason for this Bill other than virtue signalling - how on earth does it

(a) Support the raison d'être of the SNP, to gain independence for Scotland

(b) Address the poverty affecting Scottish families, children & individuals as a result of austerity and the cost of living crisis

(c) Scotland voted to Remain & we were promised we were not going to be taken out of the EU against our will - how do vanity projects like your Bill do anything to address the major economic damage to Scotland resulting from the SNP's inability to achieve what they were elected for?

(e) yet you seem to find time to be concerned about pardoning "witches" for whom a pardon will give them no rights whatsoever

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

Forget this Bill - it is not necessary, it is a waste of time. You have had your 15 seconds of fame, for Heaven's sake go and find something useful to legislate for - independence, women's rights, taking people out of poverty, reducing energy bills, an integrated transport system. If you waste time on this Bill, the unionists will think the Scot Government have nothing better to do - haven't you?

## Financial Implications

Q3. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

Unsure

**Please explain the reasons for your answer.**

I don't think it should have any impact because it should be dropped now - it's pointless and Scotland has other more important things to legislate for

## Equalities

Q4. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation?

Neutral (neither positive nor negative)

**Please explain the reasons for your response including the impact on people with particular protected characteristics**

Being a witch is NOT A PROTECTED CHARACTERISTIC

However sex is, so a lot more consideration of women rights would be highly appropriate

## Sustainability

Q5. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? (If you do not have a view then skip to next question)

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

No, none of the above - so why are you wasting any time at all on it? Drop it now and do something useful, people did not elect you for this stupidity

## General

Q6. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

Drop this nonsense - get on with what you were elected for and get us out of the Union
