

# Proposed Witchcraft Convictions (Pardons) (Scotland) Bill

## Introduction

A proposal for a Bill to pardon all those convicted under the Witchcraft Act 1563.

The consultation runs from 23 June 2022 to 15 September 2022

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (\*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

## **Aim and approach - Note: All answers to the questions in this section may be published (unless your response is "not for publication").**

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

Fully opposed

**Please explain the reasons for your response.**

This is a joke. We have hundreds of sexually abused kids who are now grown men and were part of a

massive paedophile ring. The snp won't grant an inquest because there afraid it'll hurt their core supporters. We have cost of living crisis ,monkeypox and covid rising.

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

Just leave history alone. That is what was normal during those times and we shouldn't be apologising for the past. One day and this is a dead cert the snp and its members will be held to account for the damage done to the people of Scotland and the taxpayers who got nothing from the Nationalist party.

## Financial Implications

Q3. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

a significant increase in costs

**Please explain the reasons for your answer.**

If the snp are involved like ferries and everything else it will cost millions!

## Equalities

Q4. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation?

Negative

**Please explain the reasons for your response including the impact on people with particular protected characteristics**

Because it pathetic virtual signalling as usual trying to buy support from those they keep on benefits. The snp has never ever did anything for working class except tax them more. That's why we'll always be no as the chancellor gave us a tax cut. Yes you can as its devolved is the lie you spun to us but we don't buy it anymore. These are stupid pet projects to waste our cash. Give it to foodbanks you created.

## Sustainability

Q5. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? (If you do not have a view then skip to next question)

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

The usual laughing stock from the snp. Yes it will impact workers as those in work who don't matter to Nationalists will laugh and joke at the idiots trying to make these pathetic laws when sex pests are running amok in your party.

## General

Q6. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

Yes. Dump this nonsense, realise that only 31% of Scots voted for snp and remember the clocks ticking on the waste taxpayers money party
